

## **SCOPE OF WORK**

- 1) The wheel alignment of the LPTA 715 TC/32 BS-III (4X4) vehicle and its variants will be carried out for the I- Noted vehicles.
- 2) The wheel alignment will be done inside VFJ/factory premises and all necessary equipment/instruments have to be brought by the supplier at their own arrangement.
- 3) The supplier has to obtained prior permission for bringing the equipment/instruments and manpower inside the factory by coordinating with S.O. placing section of VFJ.
- 4) The appropriate place for carrying out the wheel alignment inside the factory will be provided by VFJ and accordingly vehicles feeding/placing at that place will be VFJ responsibility.
- 5) The tentative quantity of wheel alignment will be intimated to supplier one day in advance. The firm has to carry out wheel alignment irrespective of the minimum quantity to meet the exigent requirement of issue/dispatch of the vehicle. The minimum vehicle can be offer as 1 no for a day and maximum will be the capacity of the contractor. However, an average of 20 nos. vehicle's wheel alignment is required to be ensured by firm per day basis.
- 6) The payment will be made monthly against the number of the vehicle on which wheel alignment have been completed on the basis of the JCC issued by VFJ.
- 7) After carry out the wheel alignment of the LPTA & its variant the wheel alignment certificate in triplicate to be provided to VFJ immediately on spot after completing the wheel alignment.
- 8) The batch/lot/qty of vehicle when ready for wheel alignment at VFJ end will be intimated to the Firm for carrying wheel alignment, if the firm does not respond within 03 days from the date of intimation the penalty shall be levied on firm/supplier @1% of total charges of wheel alignment against the affected batch/qty/lot of vehicles.(e.g. if a lot of 10 vehicles are ready for wheel alignment and firm does not respond within 3 days after intimation then firm will be liable to pay penalty @1% of total cost of wheel alignment for 10 vehicle.)”.
- 9) The wheel alignment will be carried out by TML authorized service center/work shop.
- 10) Any litigation arising out of this contact will be subject to the jurisdiction of Jabalpur.
- 11) General Manager Vehicle Factory, Jabalpur reserve his right to reduce the qty or short closed the contract at any time without assigning any reason
